COMPANY PROFILE\_VER2024.07

**WEPNP**  
주식회사 위피엔피

# 00 Overview

**Incorporating web-to-print into your operations can be complex, requiring substantial manpower and investment. Our team delivers professional service to ensure optimal results.**

## 1. Company

- Company Name: WEPNP Inc.
- Established: 2011-05-03
- Key Products: Online Editing Tool, Print on Demand solution
- Website: [www.wepnp.co.kr](http://www.wepnp.co.kr)

## 2. Solution

- Product Name: [WEPNP Design Editor], Platform: Cafe24, Shopify, Wordpress
- Category: Design and Prepress , Design Tool, POD, CMS

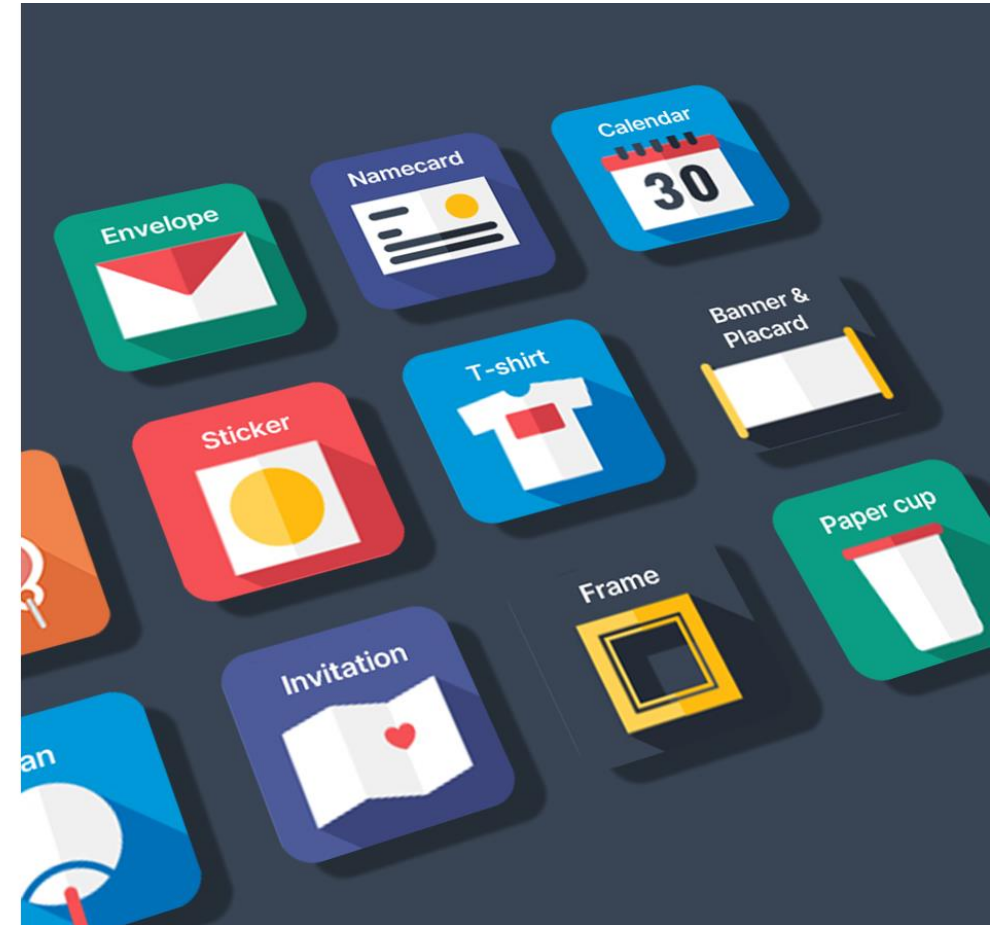

A system capable of printing even a single order.

We **emphasize automation** to minimize the printing process. We strive to increase efficiency in every step from order to delivery, ensuring that even a single order is processed without any loss.

## Give your customers a new experience!

POD Editor allows customers to design and purchase the print products you sell by themselves.

For orders that have been paid for, a file for printing is automatically generated and provided.

# Created for...

## Commercial printers

**Empower your B2B ordering with efficient ordering workflows.**

- Business printing
- Custom packaging
- promotional products
