

PROFILE

VIETNAM ASSOCIATION FOR SUPPORTING INDUSTRIES – VASI

GENERAL INTRODUCTION

VIETNAM ASSOCIATION FOR SUPPORTING INDUSTRIES - VASI

Vietnam Association of Supporting Industries established in March 2017, which is a non-government and non-profit organization representing manufacturing enterprises and supporting industries in Vietnam. VASI regularly offers capacity building training and coaching courses to our members. We support our members with business matching activities to global buyers. We also host forums and seminars, conduct market research, survey and provide data on manufacturing industries for interested stakeholders.

VASI has approximately 300 members who are mainly manufacturing enterprises in molds and fixtures automation systems, metal working, electrical & electronics components, plastic & rubbers components, materials, and software solutions. Most of our member's products are provided for multinational companies in Vietnam as well as exported to Japan, Korea, North America, Europe,... VASI is a trusted and dedicated partner of governmental and international organizations in the area of industrial development, such as MOIT, MPI, MOST, IFC, JICA, CBI.
